Kimye's shabby shoot...

We've seen her get down and dirty in almost every position possible, but Kim Kardashian's latest WTF photo shoot takes the cake! With the reality star posing in varying states of undress on mounds of grass and dirt, her shoot with Kanye West – which he also styled – for French mag *System* is made even kookier by the fact that celeb snapper Juergen Teller took his pants off and got right in there with them! Minds. Blown.

All in a day's work

Trust us, it's not always glitz and glamour as we beaver away at NW HQ to get you the hottest pics and goss each week. But sometimes this job has its perks – just ask our Senior Writer Ally, who's had the BEST. WEEK. EVER!

First she got up close and personal with my crush Cara Delevingne. "She was exactly what you'd expect," Ally reports. "She was like, 'Ow, my f**kin' feet! This dress is too tight, I look like I'm going to catch a fish in it.'"

The next night she backed it up as she and our Assistant Picture Editor Emma bumped and grinded (OK, chatted to and snapped a selfie) with *Magic Mike* stars Channing Tatum and Joe Manganiello.

And we call this work? Hey, someone's gotta do it!

Enjoy the issue!

Forget crying into her ice-cream – Kourt dealt with the pain by hitting Disneyland

Kourtney 'I'm fina

The long-suffering reality star finally puts playboy Scott in the past!

From drinking and drugging to doing the dirty with a string of women, Kourtney Kardashian has put up with more than her fair share of crap over the past nine years from babydaddy Scott Disick.

But after finally kicking the love-rat to the kerb following his most recent – and most public – fling with ex-girlfriend Chloe Bartoli, Kourt is ready to move on for good!

Sexy single and ready to mingle, Kourt's kicking off her new Scott-free existence with

the perfect post-split pick-me-up – a rebound fella! Hey, after all she's been through, girlfriend deserves it!

"Her relationship with Scott's been dead in the water for years and now that Kourt's a free agent, she's not wasting any time in finding herself a hot new man!" says an exclusive insider.

"She's more than ready for someone fun who will spoil her and make her feel desirable again. There's no way she'd take Scott back now. It's done!"

Item number two on Kourt's to-do list? A mini image overhaul. Hello, toned, taut revenge body!

Sure, she's already shed an impressive 20kg since the birth of her son Reign seven months ago, the mum-of-three's never looked better, but she's not stopping there. Kourt's ramping up her fitness regimen with extra

bootcamp and gym sessions on top of regular boxing classes, swimming, hiking, jogging – all the while documenting the sizzling results on social media (see our story on page 30).

"Exercise is a positive thing that everyone should try to do for themselves," she says. We hear you, sister!

Unsurprisingly, Kourtney's killer bod has been turning heads left, right and centre.

In fact, now that she's back on the market, the 36-year-old has rich, famous fellas galore blowing up her phone, from her former flame Joe Francis to newly buff singer Justin Bieber (hey, we would!).

Needless to say, Kourt's also got the full support of her loyal sisters Kim, Khloe, Kendall and Kylie.

The reality klan have been rallying around their big sis in

her hour of need, keeping her distracted with plenty of girlie lunches and family outings to Disneyland.

Unfortunately, the same can't be said for Kourtney's vocal stepbrother Brody Jenner.

The son of the Kardashian sisters' former stepdad Caitlyn has instead distanced himself, sniping, "They're not even technically my family anymore." Ouch!

Still, that didn't stop the 31-year-old weighing in on the incriminating snaps of Scott canoodling with his Hollywood-stylist ex, 25, in Monaco earlier this month.

"When I saw those pictures, I said, 'Uh-oh,'" he told NBC's Today. "I even showed my girlfriend [Kaitlynn Carter] and said, 'This isn't good.' But it's unfortunate..."

Her revenge romance

As they say, the best way to get over a guy is to get under a new one!

JOE FRANCIS

Kourt and *Girls Gone Wild* founder Joe, 42, dated way back and have stayed close ever since – he even introduced her to Scott at a party in 2007. A friend says Joe's her dream guy and "the one who got away", but while they've both moved on (Joe has twins with partner Abbey), it sounds like he still fancies Kourt. He says she has the best body in the Hollywood!

JUSTIN BIEBER

Given Kourt's looking for a good time, not a long time, family friend Biebs could be her go-to! Yes, he's only 21, but he's great with her son Mason, five. And he gave her recent Instagram bikini pic a big, fat like! "He's crushed on her for years," says a pal.

DRAKE

The reality star could do worse than giving her old pal Drake a call. After all, the rapper has said his ideal girl needs to be "funny, driven and... someone like a business owner." Tick, tick and tick! Plus the muso, 28, just so happens to be rocking the most banging rig ever right now!

Scott & Chloe's sneaky timeline

The Monaco tryst wasn't the first time these two have been caught creeping around together.

"Scott and Chloe have known each other for years," spills a source. "Scott always painted their relationship as nothing more than friends but that's not true."

Indeed, the sneaky duo have been sneaking time alone since 2009...

Obviously Scott has gone through some issues."

For now, Kourtney's changed the locks on their Calabasas home, while an assistant was last week seen removing Scott's clothes and possessions from the family mansion and delivering them to his Beverly Hills bachelor pad (see right).

And while Kourt is yet to make an official announcement, she's decided her life's going in one direction only – forwards!

"For the first time in a long time, Kourt's in the driver's seat – and it feels good," says an insider. "One day, Scott's going to look back and kick himself for losing the best thing that ever happened to him." ■

He's already moved Chloe in!

Scott's wasting no time taking his romance with Chloe to the next level – we hear they've already shackled up! Yup, insiders say Chloe's already settled in at the \$4.95 million, five-bedroom Beverly Hills bachelor pad Scott bought for himself last December. What's more, it's just a 30-minute drive from his family home in Calabasas. "It's a kick in the teeth for Kourtney," says an insider.

Girl #1
Mia Isabella

It's been a bad week for Tyga, who's accused of cheating with not one, but two transgender starlets!

Girl #2
Cassandra

Uh-oh! Has the reality teen's rapper beau been sexting a transgender actress?

There's something in the Calabasas water! Just days after Kourtney Kardashian's man Scott Disick was busted with an ex, it was Kylie Jenner's turn to be humiliated following shocking online reports her man Tyga's been getting fresh with a transgender actress!

And judging by the X-rated texts published on US YouTube personality B. Scott's website last week, the alleged fling between Tyga and Mia Isabella – who played a porn star in Season Seven of *Sons Of Anarchy* – could have been going on for more than two years.

What's more, the pics circulating from their apparent SMS exchange indicate the rapper's packing more than just a wad of dollar bills in his pocket!

But while Kylie's publicly standing by her man, we're told that behind closed doors the 17-year-old's been hauling her fella over hot coals!

"Kylie was totally blindsided. She had no time to prepare herself for the embarrassment and found out like everyone else did – when the photos hit the internet," reveals our exclusive insider.

"She's highly embarrassed, of course, because no matter how much Tyga

denies it, the public perception is that where there's smoke, there's fire. He has some serious explaining to do."

Eager to extinguish the flames as soon as possible, the 25-year-old rapper's camp has now gone into full-on damage control.

Indeed, a statement from his rep claims the texts were fabricated and that the saucy snaps – which they admit are the real deal – were either stolen from Tyga's phone by a hacker or leaked by an unscrupulous third party.

There's even talk the FBI may be called in to investigate the matter further!

But Tyga's going to have a hard time sweet-talking his way out of this one, given that a second transgender woman – a model named Cassandra – has come forward saying she also hooked up with Tyga, and that he's paid other transgender women to sleep with him as well!

"Kylie has to finally accept this, and she's figuring out what her next move's going to be," adds our insider. "She wants Tyga to prove his innocence, but the whole thing really stinks." ■

'KYLIE HAS TO FINALLY ACCEPT THIS'

HISTORY REPEATING

Just as Liam fell in love with Miley on the set of 2010's *The Last Song*, the Aussie spunk's fallen for yet another co-star! Mind you, with insiders describing their chemistry as "ridiculous", it's hardly surprising he and Maika can't keep their hands off each other.

Liam's Look LADY

Vintage Miley could have passed as Maika's twin!

HE'S GOT A TYPE!

Look out! It seems his ex isn't the only one who's moved on with a leggy blonde...

Liam Hemsworth's latest ladylove looks oddly familiar. In fact, she's the spitting image of his pre-twerk-era ex Miley Cyrus!

Just days after his former fiancée was spotted getting hot and heavy with her new model wifey Stella Maxwell, Liam was seen doing a coffee run in Malibu flanked by his pretty *Independence Day: Resurgence* co-star Maika Monroe!

With her long locks, petite figure and doll-like face, she's exactly Liam's type, so it's hardly surprising the *Hunger Games* hunk has fallen for

HOT NEW HOOK-UPS

Ariana and Ricky's PDA in New York was just the beginning

ARIANA'S

DIRTY DANCER

Ariana Grande went from America's Sweetheart to Most Wanted after she raised hell in a Wolfee Donuts store at Lake Elsinore, California – and we hear her new back-up dancer beau Ricky Alvarez is likely behind her bad-girl behaviour!

Yep, claims she licked and spat on a tray of sugary treats didn't go down well with the public, who were

further infuriated when surveillance footage emerged allegedly showing her saying, "I hate Americans!" Craving more, er, dessert, Ariana then turned her tongue on Ricky, who she'd openly kissed at the New York Pride Parade days earlier.

From public pashing to spitting on donuts? It seems Ricky could be a bad influence...

-alike

...she's just being Miley!

the stunning Miley look-alike hook, line and sinker.

"Maika makes him laugh all day long. They're adorable together," dishes a source. "Liam thinks Maika's the coolest girl he's ever met."

But unlike show-stopping, chart-topping Miley, 22 – whose increasingly outrageous antics reportedly put an end to her four-year romance with the actor – Maika prefers to lead a low-key life.

"Maika's smart and down-to-earth," adds the insider. "She has a zero-drama personality, something Liam was attracted to immediately."

What's more, as a professional kiteboarder, Maika, 22, shares avid surfer Liam's hunger for adventurous on-water activities.

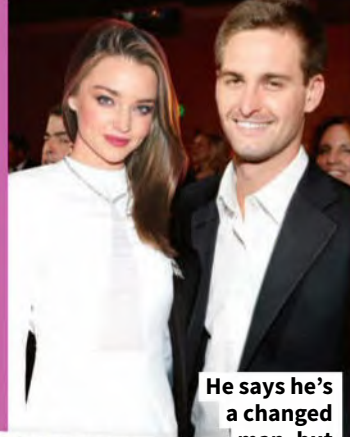

As such, they have a heap of fun dates lined up, including beach hangs and camping trips – that's if they can keep their hands off each other long enough to, ahem, pitch a tent!

Indeed, the duo turned the heat right up with a steamy pash sesh at the bar during a Fourth Of July party thrown by director Roland Emmerich.

"His hand was on her butt as she was grinding into him," spills an eyewitness.

Miranda's billionaire bad boy

He says he's a changed man, but Evan's old emails are shocking!

Her rumoured ex James Packer may be setting sail with Mariah Carey, but Miranda Kerr appears to be plotting a new course with another billionaire!

The 32-year-old looked pretty loved-up after landing at LAX recently, just days after enjoying a date with Snapchat CEO Evan Spiegel.

We're not sure it will last, though. He may have around \$2 billion in the bank, but the 25-year-old is lacking in the chivalry department! Last year, a trove of emails from his time at Stanford University emerged in which he boasts about partying with "1 kilo of blow" and tells friends, "Hope at least six girl[s] sucked your d**ks last night". Charming!

Joel & Nicole *we've all waitin'*

The doting pair put paid to marriage woes with baby number three!

.....

They've been navigating a rocky road of late, but after months of fending off split rumours, it looks like things are back on track for Nicole

Richie and hubby Joel Madden. And the timing couldn't be better, given the buzz that they're expecting baby number three!

Indeed, rocker Joel, 36, couldn't keep his eyes – or hands! – off his glowing, newly blonde missus at the star-studded LA premiere of Season Two of her outrageous reality show *Candidly Nicole*. As for Nic, 33, she only fuelled the baby speculation by showcasing her fuller figure in a pair of floaty silk pants.

e baby l been ng for!

What's more, we're told the clucky couple – who are already proud parents to Harlow, seven, and five-year old Sparrow – could even be one step closer to realising Nicole's lifelong dream of having "twin boys" after undergoing a successful round of IVF treatment.

"I want five children," Nicole gushed a couple of years back. "Twin boys and three girls. I've wanted that since I was a little girl."

Fingers crossed for a double delivery then!

And while it's hardly surprising that juggling parenthood and busy international careers has seen Joel and Nic go through more than their fair share of rough patches during their five-year marriage, a baby – or two! – could be just the thing to put them back on the right path.

Great news, guys! ■

As she watches her sister-in-law's family grow, Cam's disappointed that she hasn't yet been able conceive

Cameron's HEARTACHE

Nicole and Joel may be gearing up to bust out the baby booties once more, but Joel's twin brother Benji and his wife Cameron Diaz aren't having nearly as much luck.

While she's trying every trick in the book to fall pregnant, we're told Cam, 42, has been desperately trying to conceive ever since she and Benji tied the knot in January.

"She is doing everything she can to get pregnant, like working out and eating fertility-boosting foods, and she's even resorted to scheduling sex," reveals an insider. "But it's not happening and she's freaking out! If Cam doesn't get pregnant this month, she's going to see a fertility specialist."

SUPPORT GROUP

When the two couples double-dated in Hollywood recently, Cam was clearly happy for mum-to-be Nic, who in return gave her sis-in-law plenty of reassurance during her tough time.

Lily's

SHOCK FESTIVAL COLLAPSE

Drug fears mount as the troubled singer hits the ground at Glasto

She's no stranger to pushing the party envelope, but Lily Allen may have taken it a step too far at the UK's Glastonbury music festival.

Sadly, things took a terrifying turn on the fourth night of the five-day event when the 30-year-old – who was attending with her builder hubby-of-five-years Sam Cooper and a group of friends – collapsed of a suspected drug overdose.

According to horrified festival-goers, the *Hard Out Here* singer was found slumped face-down in a semi-conscious heap at around 9pm following a hardcore party session with artists Big Narstie and DJ Target.

"Her eyes were rolling and her chin was moving from side to side, chewing constantly," spills an eyewitness. "She was out of it, she didn't know where she was."

Medics were on the scene to administer first aid and oxygen within minutes, before Sam, 37,

arrived and bundled his wife into a waiting car.

Of course, this isn't the first time Lily – who's previously admitted to abusing cocaine and the potentially lethal anaesthetic ketamine – has seen her penchant for partying spiral out of control.

And while it looked like she'd finally cleaned up her act after tying the knot with Sam in 2010, welcoming their two daughters – Ethel, three, and Marnie, two – and retreating to a cottage in the English countryside, her hiatus from the hedonistic music scene wasn't to last.

SHIA GONE WILD!

Indeed, after describing life as a stay-at-home mum as “quite boring”, Lily made her return to the stage in 2013.

Now, despite telling pals she’s making a bid to “grow up” and hasn’t had a drink for the past seven months, word is Lily’s fallen head-first back into her old ways, leaving her career, marriage and health hanging in the balance.

“It’s like she’s having amnesia about all the reasons she got away from that scene,” an insider tells NW.

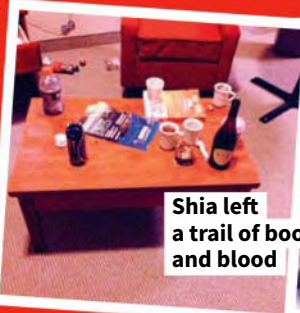

“She has always said that meeting Sam and settling down with him saved her, so it’s horrific to see her going backwards like this.” ■

Hard-partying Shia LaBeouf, 29, is in hot water again after causing more than \$2000 worth of damage to his private suite during a booze-fuelled rampage at a North Dakota hotel!

“He’d hurt his head and hand badly on set after a stunt went wrong – the place was splattered with blood and there were bandages strewn all over the room,” says a shocked eyewitness.

After being hospitalised and getting 30 stitches, you might think Shia – who’s currently filming *American Honey* – would want to take it easy – but the actor had other plans...

“There were empty bottles of booze everywhere and cigarette butts had been put out in sinks, tables and all over the carpet,” adds the source. “It was gross.”

Want to join Swift's elite clique? You'll need to meet some strict criteria!

Ever wondered why the besties hanging on Taylor Swift's arm – not to mention her every word – are all uber-powerful A-listers? Well, it's not like she's about to let just anyone join the exclusive ranks of her inner circle!

From throwing shade at her enemies, earning their own coin and being on call 24/7, the demanding singer's pals have had to earn their place in the crew. Lena Dunham describes it as a "witches coven" and singer Lorde says it's a "world of supportive female friendship", while enemies have dubbed them "The Plastics", Hollywood's real-life *Mean Girls*.

Just check out the boxes Lena, Lorde, Cara Delevingne, Karlie Kloss, Gigi Hadid, Kendall Jenner, Martha Hunt and co have had to tick to be accepted...

Make it rain

Taylor didn't earn her \$267 million fortune by doling out dosh to skint friends! Everyone's got to pay their own way in Tay's gang – and keeping up ain't cheap!

Be self-made

With her clique packed with models, chart-toppers and award-winning actresses, there's no room for mediocrity! "The type of girls I hang out with are strong and know their own mind," Taylor explains.

'EVERYONE HAS TO PAY THEIR OWN WAY IN TAY'S GANG'

Always on call

"I call my friends a lot," confesses Taylor – which is why her gaggle of gal pals are under strict instructions to answer whenever she phones, day or night. The same goes for text messages!

Legs must be no shorter than 84cm

The 178cm-tall star's so self-conscious about her height that she prefers to be photographed with girls sporting stems no shorter than her own lofty 84cm pins! But it seems she's made an exception for

160cm-tall Lena. Well, every queen bee needs her own PLP – personal leaning post, that is!

Have her back

Taylor's enemies are her besties' enemies – just ask Katy Perry! Not only did Taylor order Gigi, Karlie, Martha, Lena and Cara to

star in her video for *Bad Blood* – a spiteful diss track about Katy – but she reportedly chastised her friend Ellie Goulding for hanging out with the *Roar* singer! Yikes!

Support Girl Power

"To me, feminism is probably the most important movement that you could embrace," insists Taylor, whose pals are all expected to toe the line when it comes to empowering other lasses.

Big her up

Being in the singer's squad comes with marketing duties – in other words, gushing about the singer every chance you get! "Taylor is an incredible friend, she's fiercely loyal and she's an amazing chef," raves Karlie, while Lena calls her "the most iconic performer of her generation". ■

It's all cupcakes and slumber parties until someone forgets to text Taylor back...

MEAN GIRLS MANIFESTO

WHAT THEY'RE WORTH?

\$4 MIL

Model Martha, 26, has signed some lucrative deals over the years, walking in over 180 fashion shows and serving as the face of fashion brand Free People before becoming a Victoria's Secret Angel.

\$8.3 MIL

Long before she hit the runway, Kenny, 19, was already making it rain, reportedly earning nearly \$7000 per episode of *Keeping Up With The Kardashians* since the age of 12, not to mention being paid to Tweet!

\$16 MIL

By far the biggest earner of Tay's bunch, Lena, 29, has amassed a fortune through her hit TV show *Girls* and her \$4.7 million book deal for *Not That Kind of Girl*.

THE EXCEPTION TO THE LEG RULE

\$8.9 MIL

Despite only taking full control of her finances when she turned 18 last year, Kiwi singer Lorde has been racking up the millions since her debut at 16.

\$669,000

A relatively fresh face on the catwalk circuit, 20-year-old Gigi is bringing up the rear when it comes to personal wealth. Still, with a growing number of campaigns to her name and mega-rich parents, she's sure to keep up with Tay's expectations.

\$5.4 MIL

In 2009, *Vogue* named Karlie one of the Top 30 models of the '00s – and with a face that seems to front every second campaign we see, it's no wonder the 22-year-old's sitting on millions.

Ever since Caitlyn Jenner opened up about her plans to transition, the beautiful reality star hasn't been able to wipe the smile off her dial.

But there could be another reason for the spring in Caitlyn's step – her potential new love interest Candis Cayne, a singer and entertainer on New York's LGBT nightclub circuit!

Yep, according to US mag *Star* the transgender beauties – who've been joined at the hip in recent weeks – did nothing to silence whispers of a budding romance when they were spotted flirting up a storm at New York's PH-D Rooftop Lounge.

What's more, Caitlyn's buddies couldn't be more thrilled at the prospect of her finding true love with such a kindred spirit.

"After her monumental life change, Caitlyn's ready to open up her heart again," says a friend of the 65-year-old former Olympian. "[Candis has] been through the exact same struggles and confusion, so she'd be the perfect person for Caitlyn to lean on."

And Cait's son Brody confirms his mum is still all about the ladies!

"Caitlyn likes women, obviously," he says. "It's not like all of the sudden... She had babies and created me."

"Caitlyn is finally getting her life in order exactly as she wants it," adds the friend. "I believe Caitlyn's ready for [love] again – and Candis is a special woman." ■

'CANDIS WOULD BE THE PERFECT WOMAN FOR HER'

WHO IS CANDIS CAYNE?

Born Brendan McDaniel in Maui, Hawaii, Candis, 44, moved to LA to study dance in 1989 after graduating high school. She later relocated to New York, where she performed in drag before beginning hormone treatment and undergoing gender-reassignment surgery. In 2007, Candis became the first transgender actress in the US to land a role on prime-time TV, playing William Baldwin's transgender love interest Carmelita in *Dirty Sexy Money*.

From Paris

WHOLE LOTTA ROSIE!

Leaving her man Jason Statham at home, British model Rosie Huntington-Whiteley gave him a whole heap of reasons to miss her, starting with those sheer dresses and thigh-skimming playsuits. So nice she bought it twice, Rosie wore the black Atelier Versace gown for the label's show, before wowing the crowds in a floral version at the amfAR HIV/AIDS charity dinner.

WHAT THE DUCK?!

Fresh from popping corks with Kristen Stewart, actress Riley Keough and her *American Honey* co-star Sasha Lane look fresh as daisies giving duck face in the Dior front row. "The show was amazing," Sasha gushes of the designer's latest offerings.

SIDEBOOB SISTERS

With barely a stitch to wear between them, model mates Karlie Kloss, Joan Smalls, Kendall Jenner and Doutzen Kroes showcase their best Blue Steel after walking in the Atelier Versace show.

COUTURE CHAMELEON

What's a fashion week without style maven Olivia Palermo? The 29-year-old – and her horde of bodyguards – spent the week dashing from show to show, with the socialite immaculately dressed at all times – natch! “My mother always taught me that you don’t leave the house until you’re fully dressed,” she advises. “Make-up and everything.”

After strutting the Givenchy catwalk alongside Kenny, Naomi Campbell hit up the front row with another of her glamazon mates Irina Shayk.

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

1 WHEN DID ANGE'S KIDS GROW UP?

It seems like only yesterday that Brad Pitt and Angelina Jolie's tots were knee-high to a grasshopper – but those days are long gone! When the family touched down in LA last week, 13-year-old Maddox was already rivalling his leggy mum in height!

But he's not the only one doing some growing up – 10-year-old Zahara seems to be wearing make-up, while Pax, 11, Shiloh, nine, and six-year-old twins Vivienne and Knox have practically doubled in size! Brad clearly isn't sad about bidding farewell to his broods' younger years, though.

"You learn to value the basic beauty of family, of watching your children grow and evolve," the 51-year-old says. "It's the most beautiful thing you can experience."

Maddox is as tall as Angie!

Like sister, like brother

Peas in a pod

Tomboy Shiloh clearly loves the fact that little bro Knox is taking after her.

2 HAS RACH FINALLY FOUND TRUE LOVE?

After failed relationships with hunky actors Ryan Gosling, Michael Sheen and Jake Gyllenhaal, Rachel McAdams may have finally found lasting love with her *True Detective* co-star Taylor Kitsch!

We hear Rachel, 36, and Taylor, 34 – who were

spotted in Hollywood enjoying a romantic dinner date at upscale Italian restaurant Osteria Mozza last month – have been friends for years, but things only turned romantic once they started working together.

"It hasn't been long," spills an insider. "But it's serious." Yeah, seriously cute!

The Canadian co-stars make an attractive couple, eh?

3

IS BROOKLYN THE ULTIMATE FANBOY?

Stardom may run in his veins, but that doesn't stop Brooklyn Beckham freaking out in the presence of famous folk! From Cara Delevingne to Ariana Grande, Elton John, Louis Tomlinson and Liam Payne, the 16-year-old never turns down a chance to pose with celebs – which he spent the weekend doing at London's recent Wireless Music Festival!

As well as rubbing shoulders with Niall Horan and Drake, Posh and Becks' eldest son humbly boasted of his brush with Willow and Jaden Smith, "Nice hanging with these 2."

No shame in being star-struck, mate!

IS BEN HAVING A MIDLIFE CRISIS?

Fresh from announcing his divorce from wife-of-10-years Jennifer Garner, Ben Affleck has emerged looking seriously worse for wear. But as well as appearing bloated and dishevelled as he walked around his neighbourhood in Brentwood, LA, the once chiselled actor unwittingly revealed a massive new tattoo on his lower back!

It's unknown whether this latest update to the 42-year-old's collection of ink – which includes barbed wire and a tree on his arm – is his way of dealing with recent life events, but hey, at least it's cheaper than a sports car!

5

ARE SANDRA AND JON HOOKING UP?

Following reports Jon Hamm and his girlfriend Jennifer Westfeldt have called it quits after 16 years, we're told the 44-year-old *Mad Men* star has wasted no time putting the moves on his sizzling *Minions* co-star Sandra Bullock, 50.

"Jon's had a crush on Sandra for years and hasn't been able to contain himself," spills an insider. "Sandra's played coy and resisted so far, but secret dates will happen soon. She's been gushing to friends about how cool, funny and sexy Jon is."

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

Killer video!

We're in awe – and frankly a little terrified – of RiRi in her latest clip!

6 ARE KATY AND JOHN GETTING HITCHED?

They've been on and off more times than Joe Manganiello's pants, but after attending two of the Grateful Dead's farewell gigs in Chicago, Katy Perry and John Mayer have put their March split well and truly behind them. In fact, they're taking their relationship all the way down the aisle!

"They reunited with the express purpose of eventually getting married, and the buzz is they'll confirm their engagement at the end of the month," reveals an exclusive insider. "Even though they've been through a lot, John is sure Katy's the woman he wants to spend the rest of his life with and, more importantly, be the mother of his children."

Well, you know what they say, John – put a ring on it!

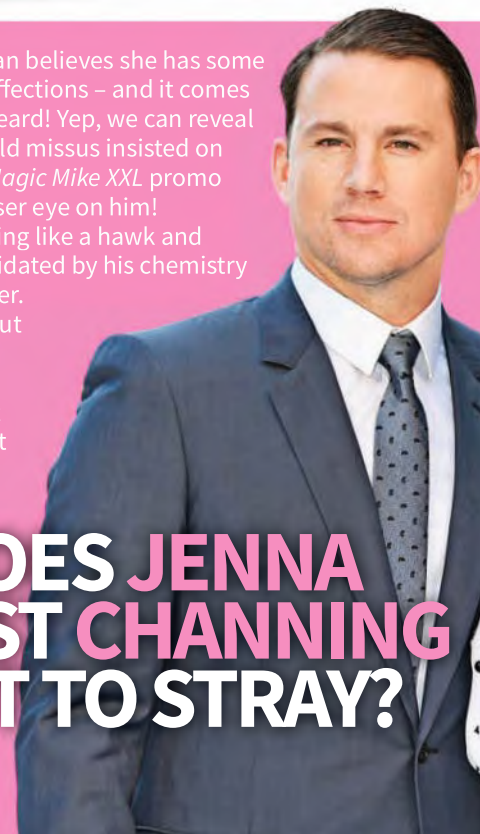

Uh-oh! It seems Jenna Dewan believes she has some competition for her man's affections – and it comes in the sexy form of Amber Heard! Yep, we can reveal Channing Tatum's 34-year-old missus insisted on accompanying him on the *Magic Mike XXL* promo trail so she could keep a closer eye on him!

"She was watching Channing like a hawk and there's no doubt she's intimidated by his chemistry with Amber," spills our insider.

"The moment she found out the schedule, she was like, 'I'm coming with you,' and Channing had no choice but to agree. It's sad that she felt so threatened by Amber."

DOES JENNA TRUST CHANNING NOT TO STRAY?

DID RIHANNA KIDNAP HER ACCOUNTANT FOR REALZ?

Troubling rumours are swirling that Rihanna's *Bitch Better Have My Money* music video – in which she kidnaps and kills a swindling accountant and his wife – could be a case of art imitating life!

Yep, a number of media outlets are reporting that the 27-year-old's former accountant Peter Gounis – who she settled a lawsuit with last year after

his financial advice saw her lose most of her fortune back in 2009 – has turned up on the NYPD's missing persons list!

Before you go screaming blue murder, though, *The Washington Post* found no evidence to support the rumours, describing the clip as “seven-minute dose of wish fulfillment.” Phew!

IS TOBEY A SECRET DIVA?

Move over, Ariana Grande – there's a new diva in Tinseltown and his name is Tobey Maguire!

Yep, it seems the stropky 40-year-old's behaviour on the set of *Pawn Sacrifice* – in which he plays troubled US chess legend Bobby Fischer – is driving his co-stars nuts!

“Tobey's ultra-committed, method-style approach rubbed his co-workers the wrong way. He went really overboard with his character's personality,” reveals an exclusive insider, “especially with the irritability of Bobby's character and his anti-semitism. It's a dark, dour experience thanks to the tortured tone Tobey has set.”

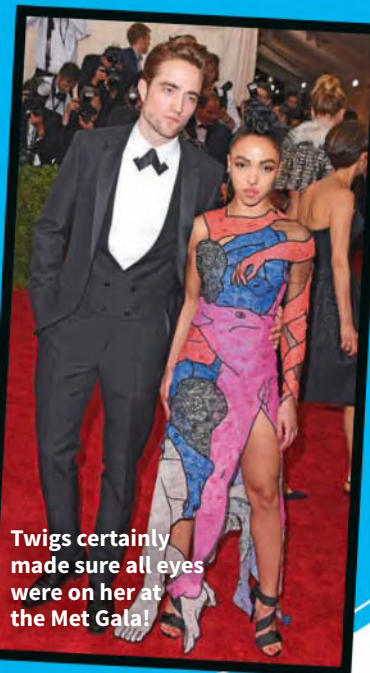

9 IS TWIGS RUINING R-PATZ'S CAREER?

They might seem like one of Hollywood's cutest couples, but Robert Pattinson's pals are worried that his fiancée FKA twigs is turning him into a total recluse!

“He's changed,” spills our insider. “Before, he'd love joining his mates at the pub for a pint, but you can't drag him out for love nor money.”

“She makes him feel bad for being famous and overshadowing her work, but the fact he's dropping out of so many things is not good for his own career. She definitely wears the pants.

Everyone's worried she's bad for him.”

Twigs certainly made sure all eyes were on her at the Met Gala!

KENDALL

Actual size
**ONLY
58cm!**

The teen and her shrinking sisters are strapping in for a risky ride

Once upon a time, it was game on to see who could sculpt the biggest, bounciest booty. But it looks like rotund rumps are, like, totally 2014 for the image-conscious Kardashian-Jenner sisters!

Yup, reality TV's first family are now engaged in a dangerous battle to see who can achieve the tiniest tum and narrowest waist – and the health consequences could be devastating!

While younger sisters Kendall

Khloe's so in awe of Kenny's tum she could, um, lick it...

lieve this is the size of ALL'S WAIST?

and Kylie prefer to drastically limit their kilojoule intake to ensure their midriffs stay as trim as possible (in what has been dubbed the 'corset diet'), Kourt, Kim and Khloe are convinced waist trainers are the way to go.

In fact, the siblings can't stop singing the praises of the controversial, constrictive devices on social media, regularly plugging them as a fast and easy way to get killer curves.

"I love my waist trainer," gushes Khloe, 31, who likes to work out in her eye-wateringly tight Ann Chery number.

And just six weeks after giving birth to her third child Reign in December, Kourtney, 36, was already back to her pre-baby figure thanks to her Waist Gang Society model.

But while it all seems like harmless – if slightly painful – fun on the surface, experts say the girls are actually putting their health in real danger.

"Waist trainers can place excessive compression on organs, particularly the lungs, liver and intestines, leading to long-term complications," warns Sydney personal trainer Jake Lynch.

Meanwhile, Dr Rohit Kumar of costhetics.com.au, adds that waist trainers can also "increase the risk of internal herniations or conditions such as reflux".

But no-one seems to have told Kim, who – despite being four months pregnant with her second child with Kanye West – admits she's "really obsessed with waist training", much to the horror of health experts.

"By preventing the abdomen from expanding, not only are you putting the baby at risk by potentially stunting its growth, but internal organs also change as the pregnancy progresses," says Dr Kumar. "Unnecessary

KONCERNS FOR KENDALL

Jake estimated Kenny's waist to be 58cm – or roughly the diameter of a small dinner plate! – during Paris Fashion Week. And her diet is a worry, too – Kendall says she downs "12 cups" of detox tea a day!

pressure can be placed on the uterus, which could lead to issues such as growth retardation, compromising foetal blood supply and even foetal death."

Worryingly though, it seems Kim, 34, is willing to go to great lengths to avoid the feelings of insecurity she experienced due to weight gain during her first pregnancy.

"I felt probably the lowest I have ever felt in my life," says the reality star.

As for Kendall – who says she was shamed for being too skinny when she first started working the catwalk – the already-slim 19-year-old has become fixated on whittling her midriff even further, losing centimetres at an alarming rate.

"I'll run to a gym and get on the treadmill," the iconic model spills of her obsessive routine. "I [also] do a lot of ab work and planking."

Over in Kylie's corner, the 17-year-old has copied big sis Kim by blowing up her behind to make her slender tum appear even smaller!

On top of that, she's turned to extreme 28-day tea detoxes in a bid to do away with every last speck of flab.

"She's feeling the pressure to be perfect... comparing herself to Kendall, who's, like, a size-zero," says a source.

Relax, girls – you're gorgeous as you are! ■

Do waist trainers work?

Manufacturers claim these corset-like garments reshape the waist, stimulate perspiration to expel harsh toxins and strengthen the core, but experts say those after long-term results will be disappointed. In fact, celeb trainer Nicole Glor reckons wearing a waist trainer during exercise, like Khloe does, actually decreases core strength, by decreasing mobility and restricting breathing.

"It can really affect your ability to work hard," she says. "Plus, I would worry about back acne from the tight apparatus and extra sweat."

Ew... So would we!

Is Cheryl wasting away?

She's always been on the slender side, but British pop star Cheryl Fernandez-Versini's skinny shape had fans in a frenzy last week!

While the 32-year-old UK *X Factor* judge was all smiles as she greeted the crowd outside the show's Manchester auditions, her frighteningly frail frame – showcased in a rib-baring Mugler crop top – prompted a flurry of concerned tweets.

"Love Cheryl but she is so thin, not healthy for a woman her age to have a figure like that," one fan wrote, while another asked, "Is Cheryl ok? She's a beautiful girl, but she's very thin."

Despite widespread worries for her wellbeing, her French restaurateur hubby Jean-Bernard reckons his missus is perfection.

"She is the most beautiful woman on the planet... No seriously she is," he wrote on Instagram, defending his wife.

"Now for the hater, please continue talking #wasteofenergy."

At least she has support!

Ay, ay,

What do

Alas, it might be time for Joe Manganiello to swap stripping for sterilising baby bottles, as we hear his sizzling fiancée Sofia Vergara has a bun in the oven!

It's not like it came without warning, though – just weeks ago the *Modern Family* actress revealed that she and her clucky *Magic Mike XXL* squeeze had been getting their skates on in the baby-making department.

“I [told him] if we're going to do this, we have to do it, like, now, because I don't want to be 50 with a baby,” the broody star spilled.

**JOE'S

He's a natural! These snaps of Joe looking right at home cradling his niece Gia (right) and Sofia's nephew Rafa leave us in no doubt – the guy's going to be an awesome dad!

Joe & Sofia shock

're pregnant!'

There's little chance of that happening – the 42-year-old already looked very much in the family way when she rocked a noticeably rounder tum during a recent spot of retail therapy in Beverly Hills!

"Sofia's always had a set of curves to die for, but you could clearly see her swollen belly beneath the baggy white top she was wearing," notes an onlooker.

"She was glowing and couldn't keep the smile off her face."

We can only guess how excited her other half must be – it's long been his dream to become a dad and Sofia, who already has 22-year-old son Manolo, is more than happy to make it come true!

"Joe is younger than me. He's 38. He's never had kids," she says. "How am I going to say no?"

But he's not the only one keen to be Sofia's babydaddy! After splitting from the actress last year, her ex Nick Loeb is fighting in court to acquire two embryos they had frozen so that he can have their child via a surrogate!

Fortunately, Sofia and Joe – who was spotted jewellery shopping in Sydney last week – have better things to focus on, like getting hitched later this year!

"It's going to happen soon," Sofia teases. "Very far away [in a] very secret place where nobody is going to find us."

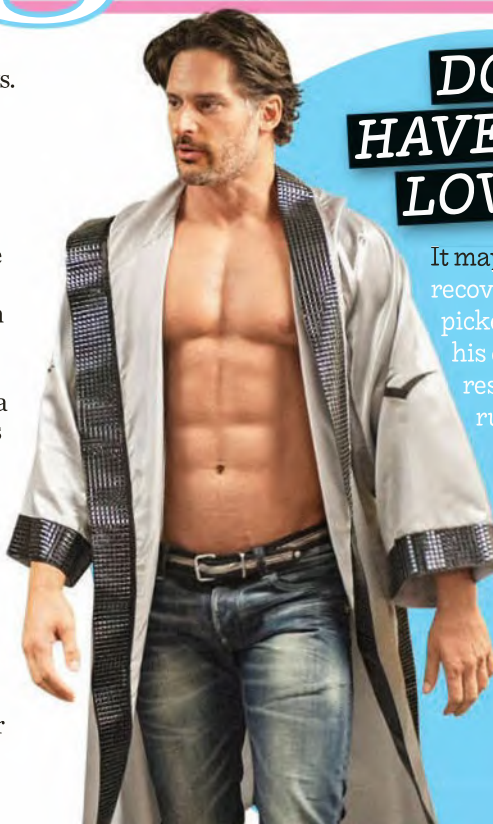

Just as long as you remember to invite us, hot mamma! ■

DOES JOE HAVE A SECRET LOVECHILD?

It may be 13 years since recovering alcoholic Joe last picked up a drink, but it seems his days of boozing may have resulted in a little Joe Junior running around out there!

"It's an ongoing battle," the former *True Blood* star says of his sobriety, adding that alcoholism left him "homeless, jobless and careless" during his 20s! Careless about just where he was sowing his seed? We sincerely hope not...

HOLLYWOOD SEX S

THE BALD TRUTH

Wilmer Valderrama, 35, told radio host Howard Stern back in 2006 that his ex Lindsay Lohan, 29, was one of the best lays he's ever had, adding that she was a "big fan of waxing".

COULD DO BETTER

A private audience with Jared Leto's gargantuan gherkin is a fantasy for many a gal. But even though 32-year-old Penthouse model Krista Ayne says the well-endowed 43-year-old shows plenty of promise in the pants department, there's always room for improvement! "Jared isn't bad in bed," she reveals. "I'd give him a seven on a scale from one to 10."

SMALL PROBLEM

They say good things come in small packages, but not if you're Jessica Simpson, who says sex with her ex Nick Lachey, 41, was, well, rubbish. "Nick didn't pack too well, if you know what I mean," the 35-year-old spilled after their split. "His small package was a problem – like, the first time we had sex, to tell you the truth, I didn't really feel much. I faked the whole thing. I really felt sorry for him." Ouch!

According to Jess, Nick's not the full package!

KING OF THE MAKE-UP SEX

FKA twigs is a lucky girl! One of Robert Pattinson's former lovers told the *National Enquirer* that the 29-year-old is an expert at sexual healing! "No matter how much we fought, it was always amazing in bed," she reveals.

LIGHT ON THE TIP OF HIS TONGUE...

Perhaps Jennifer Garner, 43, is better off without Ben Affleck, 42. "He gave me oral sex," says stripper Tammy Morris, who claims to have bedded Ben while he was still engaged to Jennifer Lopez in 2003. "It wasn't the greatest... but it was Ben Affleck."

SECRETS EXPOSED!

THE BUTLER DID IT... WELL!

Given he's one of the hottest hunks on the big screen, it's hardly surprising Brandi Glanville, 42, dished on her cookin' nookie with Gerard Butler, 45, rating him 11 out of 10. Now that's a score!

CHAN'S MAGIC TRICKS!

Channing Tatum's wife Jenna Dewan, 34, gets treated to Magic Mike specials! According to a US report, the 35-year-old stud "loves getting things going by giving his wife a lapdance, and he often gives Jenna a full-body massage after sex". Jelly!

? This lovely Latina is said to be as good in the sack as she is loud. "If she enjoys what you're doing," says a source, "she'll scream so loud that the windows will rattle."

? Which A-list action star likes to get things going with toys? Literally! A would-be conquest did a runner after he showed her the collection of 50 china dolls on his bed.

? This up-and-coming B-list bloke likes it, er, ruff in the bedroom. "He made weird growling noises at a crucial moment," giggles one former lover. "It put me off."

? This outspoken rapper couldn't help but "look at himself in the mirror the whole time", says a former flame. "He's a selfish lover."

? Which sizzling young pop princess has a stash of freaky sex toys? "Her 'fun drawer' looks like something you'd see in a horror movie," reveals a source.

LOST IN TRANSLATION

Bradley Cooper, 40, may have a Casanova rep, but not everyone's down with the charm. According to a source, the actor's "dull as dishwater in bed... He talks in nonstop French because he thinks it's a turn-on, but it's like being in bed with Pepe Le Pew!" That stinks!

WACK IN THE SACK

During their 2012 split, Rob Kardashian, 28, accused Rita Ora, 24, of cheating with "multiple men". The Brit singer hit back, tweeting, "Rob's d*ck was wack, I had to go get it somewhere else." Low blow!

The new smoky eye

Olivia Wilde

Whether you want to go all-out like Olivia and Adriana or try Emily's subtle take, there's a hot new way to wear a smoky eye. The key is to wing it out and up towards the end of your brow and blend for smouldering peepers.

How-to

1 "Start by measuring out your look with a light taupe pencil or eyeshadow," advises Revlon make-up director Melanie Burnicle.

2 "Hold up a brush to create the angle of the line for your wing. Using your liner, place a dot where you want the wing tip to be and, using fine strokes, create a line into the outer corner of your eye."

3 "From the tip, draw a straight line in towards your eye socket and then down towards your lash line. Fill area with liner, making sure to get into the inner corner."

4 "To add the smoky effect, blend shadow into your socket line so it's nice and soft. Move back and forth and then in circles to blend the edges."

6 "Be sure to have well-defined brows and a soft lip to balance your look."

It's winged out and super sexy!

▼ STEP ONE: EXFOLIATE

For skin to absorb moisture optimally, it must be clean and debris free. **Hydraluron Facial Powdered Exfoliator** is a water-activated enzyme micropowder that gently buffs away any dead skin cells and other congesting particles that can hinder hydration. Packed with key natural ingredients like bamboo extract and rice-bran powder, the gentle foam delivers superior skin resurfacing without harsh abrasives, leaving skin smooth and luminous. Simply add a little water to two small shakes of powder and massage over face and throat, avoiding the eye area.

▶ STEP TWO: TREAT YOUR SKIN

Parched skin requires the intense moisturisation that a facial mask delivers. **Hydraluron Moisture Boosting Mask** has a unique 3D enzyme structure that allows for a slow release of hyaluronic acid over time, providing better hydrated, nourished skin that is smooth, soft and luminous. Just apply it to cleansed and exfoliated skin once or twice a week. Simply unfold the mask and then gently press it into the contours of your face. Relax for 15 minutes, before removing the mask, massaging remaining the serum well into your skin. Follow with **Hydraluron Moisture Serum** and **Jelly**.

WHAT IS HYALURONIC ACID?

Hyaluronic acid (HA) is an element that is naturally present within our skin. It acts like a sponge, drawing moisture to the dermis and maintaining healthy hydration. With age, our natural stores of HA deplete. To try and counter this and keep skin well moisturised, Indeed Laboratories includes scientifically developed HA in its Hydraluron range.

Get back your glow

Want a beautifully moisturised, glowing complexion?
This four-step skin care system can deliver the skin that you seek.

▼ STEP THREE: SERUM

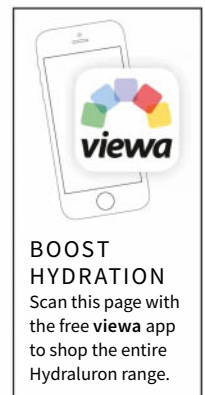

A serum targets specific skin issues, addressing them quickly, offering fast relief. **Hydraluron Moisture Serum** uses targeted, pure hyaluronic acid and red marine algae, to deliver immediate and long-term hydration. Upon application, it works to plump and firm skin tissue, restoring elasticity and reducing roughness. It boosts the actions of your moisturiser by stimulating cell turnover, thereby accelerating moisture uptake. Twice a day, smooth a small amount over cleansed skin prior to applying moisturiser.

At Indeed Laboratories, skincare concerns are addressed with innovation by targeting optimal, cutting-edge technology and using only high concentrations of active, effective ingredients.

▶ STEP FOUR: MOISTURE PLUS

Rehydrate and soothe your thirsty skin with an efficient, easily absorbed moisturiser such as **Hydraluron Moisture Jelly**. This unique jelly-like moisturiser immediately soothes skin, delivering pure moisture where it's needed the most. Offering daylong hydration, it also protects against further moisture loss as it leaves skin glowing. Just apply a pea-sized amount twice a day after your serum.

SOS #2

**Your make-up goes
AWOL by the afternoon**

SOS #1

**Flaky skin is your
winter enemy**

TRY... Sealing in the moisture

Dry heating indoors, harsh cold air outdoors and searing-hot showers all wreak havoc on your skin. Look for products that contain hydration-hero ingredient hyaluronic acid – it holds 1000 times its weight in water to lock in moisture, while still letting your skin breathe.

COLD SEASON

Survival guide

Face freaking out now that the mercury's dropped?
Stress less! Here's how to ward off winter skin woes.

Gigi Hadid

Rachel McAdams

SOS #3

Your eyes are as puffy as your jacket!

TRY... A rejuvenating eye gel

The lack of sunlight, paler skin and the standard seasonal allergies make winter the worst time for puffy eyes and dark circles. Opt for a cooling eye cream loaded with superfoods to soothe and calm this sensitive spot.

Moreish Reawaken Eye Cream **\$19.99**

SOS #4

That wrinkle was definitely not there yesterday!

TRY... Repairing with a serum

Thinking of investing in a serum? Now is the time! Dry, thirsty skin will lead to premature wrinkles. Souped-up serums have a thinner consistency, allowing the antioxidants and skin-loving ingredients within to penetrate deeper.

SOS #5

Tight skin

TRY... Upgrading your cleanser

Stepping out of the shower with super-tight skin? Your cleanser could be the culprit. Hardcore foaming astringents are fine in summer, but can strip your skin when the weather cools. Switch to an oil or balm, which calms your complexion as it cleans.

Antipodes Saviour Skin Balm **\$37.99**

SOS #6

You've heard of chapped lips, but chapped cheeks?

TRY... Boosting with a balm

If you spend time outdoors, you've got to replace the oils the elements take away. Because of their thicker formula, balms create a barrier on the skin, letting the hydrating processes within do their thing without disruption.

SOS #7

Breakouts in winter? WTF?

TRY... A balancing mist

Reckon pimples are strictly a summer issue? Think again! Flaky skin blocks pores, which leads to breakouts. Balance out with a face mist featuring witch-hazel to decongest, and rose to calm.

EAT LARGE, *get tiny!*

Eliminate hunger the Eva way and burn fat fast

Eva Mendes is certainly easy on the eye – just ask her babydaddy Ryan Gosling!

But as a busy new mum to 10-month-old daughter Esmeralda, she exercises for energy and inner health, not just a trim tum.

“I’m like every other woman in the world and I don’t say, ‘Yay!’ I’m going

to be in the gym for two hours,” says Eva, 41. “It’s something I find extremely beneficial and I do it.”

To ensure she can keep up with her tiny tot, the actress keeps her diet nourishing – not punishing – by reaching for protein, healthy fats and fibre with every meal.

“Fibre is one of the key aspects for helping you lose weight,” nutritionist Joanna

McMillan tells NW, adding that it can dramatically cut down your appetite.

“It actually absorbs water in your gut, swells and that filling nature reduces hunger pangs and helps you eat less.”

Not only that, but fibre can reduce bloating and boost your body’s ability to process sugars. If it’s working for Eva, we’re on board! ■

How does fibre help you lose weight?

“Soluble fibre forms a gel in your gut and that slows the attack of enzymes, particularly on carbohydrates – their digestion is slowed down” explains Joanna. “So effectively, soluble fibre is lowering the glycemic index of the meal, which lowers your blood glucose responses, postpones the return of hunger and sees your body produce less insulin – the hormone responsible for fat storage.”

FAT-FIGHTING FOODS

Having loads of insulin in your system means your body wants to store fat, so improve your insulin sensitivity to melt your muffin-top with these food swaps!

Swap refined carbs...

“Eliminate these rather than demonising the slice of wholegrain bread you have with your poached egg in the morning,” says Joanna.

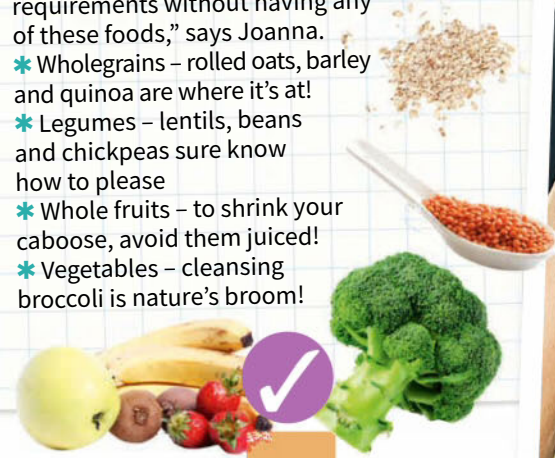

- * Cake – even the fruity ones
- * Biscuits – sorry, Tim Tams!
- * Soft drink – water you drinking that for?
- * Refined grains – white ain’t alright!

...for fibrous carbs

“It’s really difficult to reach fibre requirements without having any of these foods,” says Joanna.

- * Wholegrains – rolled oats, barley and quinoa are where it’s at!
- * Legumes – lentils, beans and chickpeas sure know how to please
- * Whole fruits – to shrink your caboose, avoid them juiced!
- * Vegetables – cleansing broccoli is nature’s broom!

Enticing exercise

Dreading the gym? No problem! Ditch the repetition with these interesting alternatives to the everyday, courtesy of personal trainer Jake Lynch...

At-home circuit

"A few different exercises – including any variations of a lunge, a squat, push-ups, dips using chairs, and abdominal exercises – done in a continuous circuit fashion are enough to provide anyone with a great workout," says Jake.

Indoor rock climbing

"It tests your strength and provides cardiovascular fitness," explains Jake. "It's a full-body workout that'll make your body work hard, but you won't notice because it's also lots of fun."

Boxing

"Boxing works everything from head to toe," says Jake. "It'll test and improve your hand-eye co-ordination, help your strength and give you a massive cardiovascular workout that's sure to help keep the winter weight off!"

Buddy up!

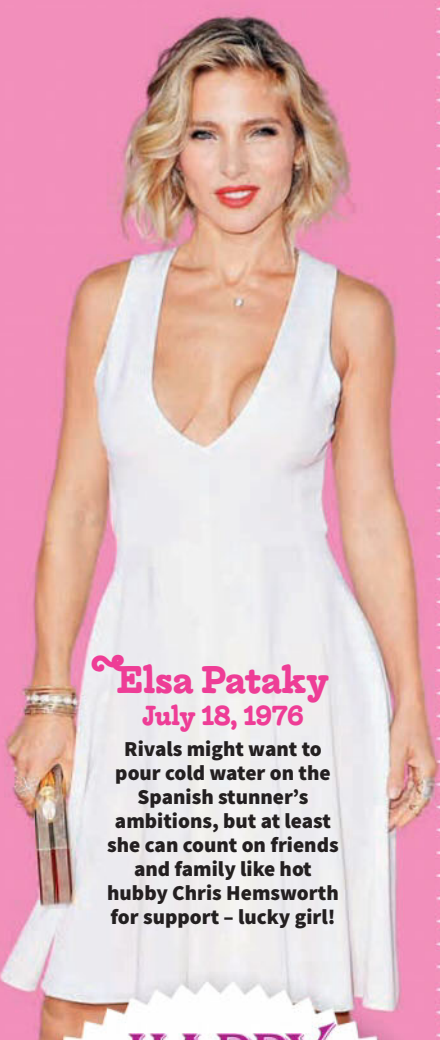

"Work out with a friend," suggests Jake. "It just makes things fun for the pair of you while you both reap the benefits."

Tip

Psyllium husk is high fibre minus the carbs. You can get it in products like Metamucil or you can try mixing psyllium husk into your oats or soups. Don't let it soak for too long, though – it absorbs water fast!

'I realised a long time ago that I needed to have some kind of routine. I don't love it, but I've made peace with that,' says Eva

YOUR Stars

The week ahead with **Adele Lang**

Cancer JUNE 22 – JULY 23
Ignore detractors and envious colleagues at work. According to planetary patterns, you are well on your way to turning corners career-wise. Luckily, friends and family will be more helpful when it comes to supporting some seriously ambitious goals.

Leo JULY 24 – AUG 23
You should go out of your way to do good deeds this week – not that that's a tough ask for a typical Leo. That said, you can sometimes get too caught up in your own world to worry about others, so take time out to help other people without them having to ask you in first.

Virgo AUG 24 – SEPT 23
Venus is in danger of making you a bit too flash with your cash. While A-listers can get away with spending like crazy, the average Virgo is advised to spend with caution. Treat yourself, by all means – but please make sure you've got enough left for the rent!

Libra SEPT 24 – OCT 23
Social connections could lead to excellent work prospects this week. This means you'll need to RSVP promptly and in the positive to any invitation that comes your way. Now is not the time to come over all shy and retiring – it's about putting yourself out there!

Scorpio OCT 24 – NOV 22
Misery might love company, but that doesn't mean you have to be the company! In fact, some forever-forlorn friends need to be avoided completely. Your life will be a lot happier if you make it your mission to hang out with positive types only.

Sagittarius NOV 23 – DEC 21
The Moon's influence might be raising your sex drive, but that doesn't mean this week will be a nonstop shag-fest. Indeed, most Sags will be too caught up with career demands to do much about lustful feelings – that is, unless a sexy colleague steps in to help...

Capricorn DEC 22 – JAN 20
You should stop taking your family's personal problems to heart, although that's perhaps easier said than done. You're only going to make your life worse by getting so involved. Be ruthless for once and make a concerted effort to focus on anything but.

Aquarius JAN 21 – FEB 19
Going on a trip might not be a big deal for jet-setting types, but most Aquarians are probably dying to get away. Don't let pals, parents or partners put you off – travel solo if need be. Your chart indicates bad blood all around if you don't escape some time soon.

Pisces FEB 20 – MAR 20
Solar activity in Aries makes you keen to start new projects. While your ideas are great, support from people around you may be a tad lacking. Rather than rant at negative sorts in your midst, consider going it alone. After all, it won't be you who ends up kicking themselves.

Aries MAR 21 – APRIL 20
You shouldn't worry too much about the moaning grown-ups in your life. Many of their problems are First World ones. To save yourself from unnecessary drama, it's best hang out with kids. Their take on life will probably prove far more honest and refreshing.

Taurus APRIL 21 – MAY 21
Solar activity suggests you could benefit from in-depth conversations with people who don't yet play a major role in your life. Loved ones are biased and their advice won't necessarily serve your current cause. Strangers, however, might be able to shed light on dark subjects.

Gemini MAY 22 – JUNE 21
The Moon is in your sign this week, so that should bode well for romance. Twin types in twosomes will find partners more willing to talk about plans for the future. As for those of you without a plus-one at present, you should at least score a date!

She might have puppy-dog eyes and pinchable cheeks, but judge Selena Gomez by her Disney-princess past at your peril!

These days, she's oozing the kind of red-hot sex appeal that can't be denied! Case in point, her raunchy music video for *Good For You* featuring A\$AP Rocky, which sees her writhe around naked in a steamy shower! How very un-Selena!

But with her 23rd birthday right around the corner, the singer-actress slashie admits she's ready to show the world the woman she is.

"I feel like I just got started," she tells *NW*. "This next musical chapter is going to be really fun."

We bet! We caught up with Sel to talk movies, moods and men...

Woah, Selena – the video for *Good For You* is totally hot! Is this the start of a new, grown-up you? It's hard being 15 years old and writing about going to the club. I had four number-one club songs and I had never even been allowed to be in a club! So there is a lot of stuff that I have been able to experience now that I want to speak about.

You've also got four movies in the pipeline. How do you prepare for acting roles? It depends for each part. I have never really stuck to one character. The parts that I have been doing lately are all different and I have different ways to prepare. I am really dramatic in general and I think that is why I really love acting. I can get out all of my crazy, dramatic tantrums through acting on a screen.

Your career has taken off big-time – what else would you like to see happen in your life over the next few years? I wish I could tell you. I want to be that person that can say, "I hope I can do this and have this and be happy," but I am just not.

Sel tones down the sexy alongside Josh Hutcherson for her upcoming flick *In Dubious Battle*

Good for her

Good For You has been Sel's highest-debating single to date – hey, sex sells!

What is it that you want to have?

I am from Texas and I thought by now that I should have kids and be married, because that was my life and now it is not my life.

But it must be fun for you being a big sister to two-year-old Gracie?

Well, I'm 22 years old, so it took my parents a minute! But no, it's the greatest feeling and I think the age difference makes me almost like a cool aunt. So I don't have to deal with fighting over boys and she can have my clothes when I am in a totally different phase of my life. I get the cool part.

Have you had a chance to babysit yet?

No, my parents don't trust me yet, which is funny and I don't blame them. I would want to stay up with her until midnight and watch movies and give her candy and cola. They are super strict and are like, "Put her to bed on time," and "Give her healthy stuff." I'm like, "Give her some ice-cream!" I respect that, too, and I get why I wouldn't be the first choice, but they will ease up later.

What sort of stuff do you like doing on your days off? It depends. I love sleeping, even though I don't do it often! I love being with my friends. When I'm working, I'm horrible at responding to text messages because I am just going and going. So when I get home, I love being with my friends and getting to hang out. We usually cook. I cook a lot. I do lettuce wraps, I do stir-fry, I love cooking teriyaki chicken and shrimp. I just really got into cooking lately and I am obsessed with it. So that is something I love to do in my spare time. ■

She conquered the TV talent quest, but this stunner has even bigger plans!

She'll be a
model mum!

With a win on *Australia's Next Top Model* under her stylish belt, Brittany

Beattie's 100 per cent focussed on her future, but it's not the catwalk that's on her mind.

While she's one of the hottest up-and-coming models on the scene right now, the former tradie has dropped a bombshell to NW, revealing she's desperate to get pregnant. Say what?!

"I want two boys and two girls. If I keep having boys, I'll need to keep having babies until I have an even amount of girls!" she says. "I'll have my own little army."

But just what does the bobcat driver's boyfriend Michael think

about the prospect of the pitter-patter of so many tiny feet?

"He's very family-orientated, too," says the 21-year-old, who's positive he's The One.

Yep, despite only meeting him shortly before *ANTM* began filming, things are going so well that she's planning to "take him everywhere" her career takes her.

"We haven't been together long, but he's awesome," she says. "At first I was keeping him a secret, but now it's out in the open."

And how does he feel

about having a famous girlfriend?

"He seems pretty chilled," she says. "I don't think he realises he's going to be a part of it as well!"

Along with a horde of kids by the sounds of it! ■

Clucky Brittany (below, with her niece) is keen to take the next step with Michael!

"Heather and I had an instant connection. Great banter and we just got each other," spills Sam, 34.

Indeed, in a preview of the third series, film-maker Heather light ups when she first claps eyes on the fitness entrepreneur, who then leads her away to chat about superheroes!

But what did Sam think about model Zilda, 31, who got straight down to the nitty-gritty, blurting out "I definitely want kids. Do you?"

"I was a little surprised," he says. "The answer is yes. I just didn't expect to be asked such a big-picture question so quickly."

Her rivalry with Jessie J is all too much!

Trouble's been brewing for weeks between *The Voice*'s alpha females. But the claws came out in spectacular style on Sunday's ep when Delta Goodrem finally snapped after being pushed to breaking point by Jessie J!

"I've over this shit... I'm out," raged the show's former queen bee, who's been spoiling for a fight ever since Jessie convinced a contestant to pick the Madden brothers over Delta last week.

"If I was you I would pick the Maddens," the bolshie Brit told hopeful Joe Moore, despite Delta's desperation to land a man for her team.

With Ricky Martin, Delta Goodrem and the Maddens fighting over him, *The Voice* hopeful Scott Newnham appears destined for big things.

But if singing doesn't work out for him, the sexy star – who's a member of male strip revue Magic Men – can fall back on those abs of his!

"Perhaps I could see if I can get a part in *Magic Mike 3*," says the stud, revealing his smokin' beefcake squad scored an invite to a special viewing of *Magic Mike XXL*.

"Magic Men all got invited to go and watch *Magic Mike*, so we're all looking forward to seeing it," he tells *NW*. "I'm going to see if I can learn some new dance moves from Channing."

Popstars 2.0

You might recognise Daniela Scala – who failed to impress the coaches last Monday – as one of the members of *Popstars*' Season Two band Scandal'us. The group even scored a number-one hit with *Me, Myself And I!*

Second-chance spunk

Scott came eighth on *Australian Idol* in 2009, even though he'd never sung to an audience before – not even his mum! – before going on the show. He tells us it was just a warm-up for bigger things to come...

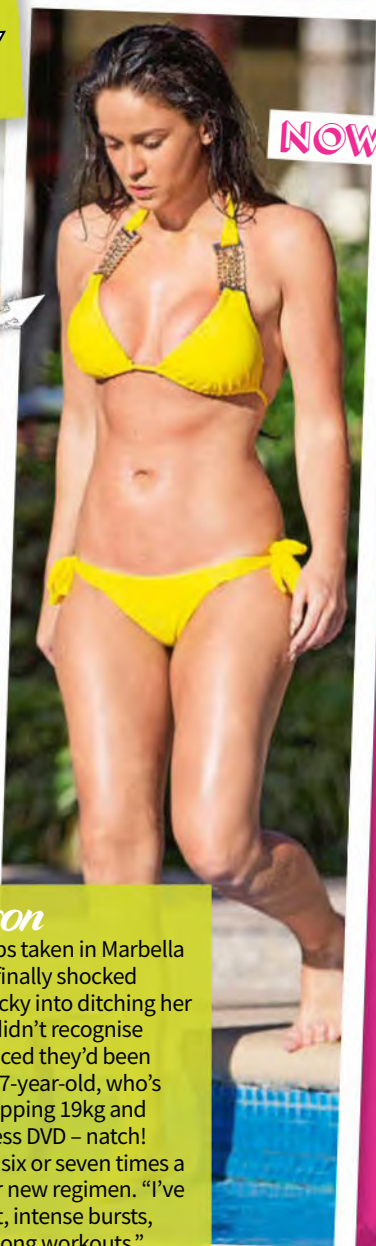

THEN

Vicky Pattison

It was a series of snaps taken in Marbella in 2013 (above) that finally shocked *Judge Geordie* star Vicky into ditching her junk food binges! "I didn't recognise myself – I was convinced they'd been doctored," says the 27-year-old, who's since dropped a whopping 19kg and cashed in with a fitness DVD – natch! "I've been exercising six or seven times a week," says Vic of her new regimen. "I've been doing it in short, intense bursts, rather than massive long workouts."

NOW

THEN

Lauren Goodger

Photographed tipping the scales at 82kg while on holiday in Egypt in January, *TOWIE* star Lauren received a serious wake-up call. "They're horrendous!" she says of the pics. "I look like a beached whale." The 28-year-old has since dropped an impressive 12kg by sticking to a high-protein diet, declaring, "I'm determined to make it work this time. I don't want to be a fat failure anymore."

THEN

Ash Pollard

Rehearsing around the clock seems to be doing wonders for former *My Kitchen Rules* contestant Ash, who's honed herself a newly svelte figure training for her turn on *Dancing With The Stars*. The 28-year-old also boasted on Instagram that she's trimming "in all the right places", as well as divulging that she starts the day with porridge to sustain herself through the gruelling workouts.

Following hot on the heels of her fellow Geordie Vicky, Holly embarked on a health overhaul that saw her drop from a curvy size 16 to a super-slim size eight. "I used to eat a hell of a lot of pasta and cheese," the 23-year-old admits. "I was a carb fiend!" But these days it's her toned bod that the boxing fan can't get enough of! "When I look in the mirror, I can happily put a bikini on," she adds.

THEN

NOW

Snooki

The pint-sized reality star's a far cry from the tequila-shooting party girl we first met on *Jersey Shore* in 2009! That's because Snooki traded in high-kilojoule booze for hardcore gym workouts following the birth of her son Lorenzo in 2012, dropping from 66kg at her heaviest to an fit and faboosh 44kg – which suits her tiny 142cm frame to a tee. "I mainly want to do it for my kids," the 27-year-old says. "I want to be able to keep up with them, run after them."

BRANDI snaps!

"Boys suck. I met the hottest guy last night and it turned out he was married. There we were flirting and he takes his hand out of his pocket and he has a ring on! I was like, 'You motherf**ker!' I wanted to hit him in the face. The guys in LA are all dating 20 year olds – and those guys aren't cute, but they are rich. They all have had Botox and weird hair. Every girl here is gorgeous, but not the guys. I need to head back to Oz."

'Sofia and Joe are pregnant?'

"Their baby will be the cutest kid ever! When Eddie and I were expecting, everyone was like, 'You're going to have supermodel babies,' and there was so much pressure! Our kids are gorgeous now, but poor Mason came out cross-eyed and had no hair on top, just on the side. There were such high expectations put on our offspring. I was like, 'Guys, leave him alone!' So I hope they have a healthy baby."

'I wanna get revenge like RiRi did!'

"Rihanna's *Bitch Better Have My Money* is about a cheating accountant? That's kind of amazing! I wish I had that kind of outlet where I could do a music video parody about my anger and not just stew about it."
